

## St. Vincent's Health System

### AMOUNT GENERALLY BILLED CALCULATION

June 30, 2020

St. Vincent's Health System calculates two AGB percentages – one for hospital facility charges and one for professional fees – both using the “look-back” method and including Medicare fee-for-service and all private health insurers that pay claims to the Organization, all in accordance with IRS Reg. Sec. 1.501(r)-5(b)(3), 1.501(r)-5(b)(3)(ii)(B) and 1.501(r)-5(b)(3)(iii). The details of those calculations and AGB percentages are described below.

The AGB percentages for St. Vincent's Health System are as follows:

St. Vincent's Birmingham	19.10%
St. Vincent's Blount	25.10%
St. Vincent's Chilton	16.60%
St. Vincent's East	17.50%
St. Vincent's St. Clair	15.50%

AGB for physicians' professional fees: 37.6%

These AGB percentages are calculated by dividing the sum of the amounts of all of the hospital facility's claims for emergency and other medically necessary care that have been allowed by Medicare fee-for-service and all private health insurers that pay claims to the hospital facility (separately for facility charges and professional services) by the sum of the associated gross charges for those claims. The only claims that are utilized for purposes of determining the AGB are those that were allowed by a health insurer during the 12-month period prior to the AGB calculation (rather than those claims that relate to care provided during the prior 12 months).

Notwithstanding the foregoing AGB calculations, St. Vincent's Health System has chosen to apply a lower AGB percentage for hospital facility charges and AMG as follows:

AGB for St. Vincent's Health System and AMG: 15.50%
