How to View Information from other Health Management Apps

myASCENSIONMI is dedicated to helping improve your overall health care experience by providing convenient, streamlined resources to help you better manage your health. We now offer the ability for you to securely connect some of the health management apps you may use (i.e. fitness trackers, dietary trackers, etc.) to your health record.

Contact [Ascension Michigan Health Connect](#) 1-866-501-DOCS (3627) select option #3 to begin the process of connecting your information to the app.

What information can I find in myASCENSIONMI?

You should be able to see your current medications, allergies, immunizations, and recent lab results. You may also see documents from an inpatient stay or office visit, including your discharge instructions, any patient education materials, and radiology reports.

Will I see all my results in myASCENSIONMI?

To respect our commitment to comply with patient privacy standards, we may have to block certain results from the Patient Portal. For any questions regarding results, contact your physician.

When will my data be available?

Your health information will go to myASCENSIONMI within 36 hours of your discharge from the hospital or visit to your physician. Some lab results and documents take longer to complete. In those cases, lab results and documents will be available when they have been completed.

Will behavioral health information be posted in myASCENSIONMI?

Patient medications, diagnoses, and chronic health problems will go to myASCENSIONMI . If you have a behavioral health diagnosis or problem, this will display in myASCENSIONMI . Specific notes from group or individual therapy will not go to myASCENSIONMI .

What should I do if I believe the data is incorrect?

If the data is from a doctor's appointment, contact that physician's office. If it is related to a hospital stay, procedure or a Ascension Michigan outpatient facility visit contact Ascension Michigan Health Connect at 1-866-501-DOCS (3627) select option #3.

Who do I contact if I have questions about how to use myASCENSIONMI or the information in myASCENSIONMI?

Contact Ascension Michigan Health Connect at 1-866-501-DOCS (3627) select option #3 with any **myASCENSIONMI** questions regarding a hospital stay or visit to a Ascension Michigan outpatient facility. If you registered for **myASCENSIONMI in a physician office, contact that office with any questions.**

What should I do if my account security has been compromised?

If you have concerns that someone has accessed your account without your permission, follow the instructions located on the portal to change your password and contact Ascension Michigan Health Connect at 1-866-501-DOCS (3627) select option #3, who will advise an Ascension Michigan information security officer.

How do I ensure someone else doesn't sign up for myASCENSIONMI acting as me?

If you share an email account with another person, it is possible that the other person could use your invitation to gain access to your myASCENSIONMI. For this reason, Ascension Michigan recommends not using a shared email account for your myASCENSIONMI invitation.

What do I do if I can't remember my password?

On the login page, select the link just below the password field that says "Forgot Password?" The system will ask you for your email address and direct you to type in a few characters that are displayed. An email will be sent to you with a link to change your password.

What do I do if I want to change my password?

Log in to the portal. Click your name in the upper right corner and click Account. Click Update Account Settings and click Password.

Can I print from myASCENSIONMI or save it?

Send Visit Summaries:

- Select Health Record.
- Select Visit Summaries.
- Select send.

How do I access my minor dependent's information?

If the child is under 14 years of age and not seeking services for drug or alcohol use, reproductive, sexual or mental health services, the parent can be enrolled in myASCENSIONMI on behalf of the patient. If the child is 14 or older or seeking services for drug or alcohol use, reproductive, sexual or mental health services, the child will be enrolled. The parent can be enrolled if the child has given consent. Contact Ascension Michigan Health Connect at 1-866-501-DOCS (3627) select option #3 for more information.

If I am a noncustodial parent, can I access my minor dependent's information?

Yes, if the child is under 14 years of age and not seeking services for drug or alcohol use, reproductive, sexual or mental health services, the parent will be enrolled in myASCENSIONMI on behalf of the patient. If the child is 14 or older or seeking services for drug or alcohol use, reproductive, sexual or mental health services, the child will be enrolled. The parent can be enrolled if the child has given consent. Contact Ascension Michigan Health Connect at 1-866-501-DOCS (3627) select option #3 for more information

If I am the legal guardian of a dependent, can I access their myASCENSIONMI?

Yes, if you have documentation that you are a legal guardian and there are no other extenuating circumstances, you can be enrolled in the patient's myASCENSIONMI . If the patient is under 14 years of age and not seeking services for drug or alcohol use, reproductive, sexual or mental health services, the guardian can be enrolled in myASCENSIONMI on behalf of the patient. If the patient is 14 or older or seeking services for drug or alcohol use, reproductive, sexual or mental health services, the patient will be enrolled. The parent can be enrolled if the child has given consent. Contact Ascension Michigan Health Connect at 1-866-501-DOCS (3627) select option #3 for more information.

If I am named durable power of attorney for a friend or family member, can I access their myASCENSIONMI?

No, durable power of attorney does not allow for access to the patient's Portal. This is because the durable power of attorney may expire based on the patient's condition or wishes, and becomes active at a certain point in time. The Portal shows the entire health record for the patient and may show information outside of the timeframe of the power of attorney. If you need to have a copy of the record, please contact the provider or the HIM department for the facility where the patient received care.
