Midwest Orthopedic Specialty Hospital

WF – Medical Group

Site Info OR Other: _____

I have read and completed a copy of the Consent Form (Authorization to Disclose Information for Marketing Related Purposes).

The Foundation for St. Francis and Franklin is “committed to transformation and caring for those in need.” As a part of these commitments, we reach out to patients who have been helped and healed through Wheaton Franciscan Healthcare programs at WFH – St. Francis and Franklin, the Midwest Orthopedic Specialty Hospital and throughout our Central Market Medical Group Clinics. Sharing your story with the Foundation will inspire donors and community members to support the exceptional and compassionate health care services our doctors and nurses provide every day.

A member of the Foundation staff will contact you directly to coordinate a brief phone or in-person interview. You will have the opportunity to read a transcript of your interview and will be provided information about where and how it will be shared. Typically, patient stories are included in our web and written communications.

Thank you for sharing your story with us.

For more information, please contact Sarah Reddin, Philanthropy Associate, at 414-647-5124 or sarah.reddin@wfhc.org.
