## Implementation Strategy for the 2024 CHNA Clay County, Florida

**Ascension**

The purpose of this Implementation Strategy (IS) is to describe how the hospital plans to address prioritized health needs from its current Community Health Needs Assessment (CHNA). The significant health needs the hospital does not intend to address are identified, and a rationale is provided. Special attention has been given to the needs of individuals and communities at increased risk for poor health outcomes or experiencing social factors that place them at risk.

## Introduction

As one of the leading non-profit and Catholic health systems in the United States, Ascension is committed to delivering compassionate, personalized care to all, with special attention to impoverished and vulnerable persons.

### About Ascension

Ascension is one of the nation's leading non-profit and Catholic health systems, with a Mission of delivering compassionate, personalized care to all, with special attention to those most vulnerable. In FY2024, Ascension provided \$2.1 billion in care of persons living in poverty and other community benefit programs. Across 16 states and the District of Columbia, Ascension's network encompasses approximately 99,000 associates, 23,000 aligned providers, 94 wholly owned or consolidated hospitals, and ownership interests in 27 additional hospitals through partnerships. Ascension also operates 30 senior living facilities and a variety of other care sites offering a range of healthcare services.

Ascension's Mission provides a strong framework and guidance for the work done to meet the needs of communities across the US. It is foundational to transform healthcare and express priorities when providing care and services, particularly to those most in need.

**Mission:** Rooted in the loving ministry of Jesus as healer, we commit ourselves to serving all persons with special attention to those who are poor and vulnerable. Our Catholic health ministry is dedicated to spiritually-centered, holistic care which sustains and improves the health of individuals and communities. We are advocates for a compassionate and just society through our actions and our words.

### About Ascension Florida

In Northwest Florida, Ascension operates Ascension Sacred Heart Pensacola, The Studer Family Children's Hospital at Ascension Sacred Heart, Ascension Sacred Heart Emerald Coast, Ascension Sacred Heart Bay and Ascension Sacred Heart Gulf. In Northeast Florida, Ascension operates Ascension St. Vincent's Riverside, Ascension St. Vincent's Southside, Ascension St. Vincent's Clay County and Ascension St. Vincent's St. Johns County. In addition to operating nine hospitals, Ascension Florida also has more than 190 other sites of care and employs more than 12,000 associates throughout the state.

## **About Ascension St. Vincent's Clay County**

Ascension St. Vincent's Clay County is in Middleburg, an unincorporated area in northeast Clay County. The hospital serves all 12 zip codes and 30 census tracts within a 644-square-mile radius.

Ascension St. Vincent's Clay is a full-service hospital built in 2013 and is part of the nation's largest Catholic and non-profit health care system. It offers 24/7 emergency care and advanced surgical care for serious and life-threatening injuries and illnesses. The hospital also offers specialty services including brain and spine care, cardiology, digestive health, pediatrics, wound care, hyperbaric medicine, and women's health. The OBGYN maternity care teams at the Family Birth Place deliver a personalized birthing experience. A wide range of minimally invasive procedures, imaging and lab tests, and rehabilitation services are also available at the hospital campus.

## Overview of the Implementation Strategy

### Needs Prioritization

Included in Code Section 501(r)(3) is the requirement that hospitals must provide a description of the process and criteria used to determine the most significant health needs of the community identified through the CHNA, along with a description of the process and criteria used to determine the prioritized needs to be addressed by the hospital. Accordingly, Ascension St. Vincent's Clay County used a phased prioritization approach to identify the needs of Clay County. The first step was to determine the broader set of identified needs. The CHNA assessment narrowed identified needs to a group of significant needs determined most crucial for community stakeholders to address.

After completing the CHNA assessment, significant needs were further narrowed down to prioritized needs that the hospital will address within the IS. To arrive at the prioritized needs, Ascension St. Vincent's Clay County leadership and Community Benefit teams reviewed the findings from the 2024 CHNA, assessed community interest and local momentum, and reflected on the criteria outlined below (listed alphabetically). This approach ensured that the selected priorities reflect both data-informed insights and the values of the communities served.

- Ability to leverage existing organizational assets, resources, and areas of expertise
- Alignment with the hospital's Mission, values, and strategic priorities
- Potential to positively impact a significant number of people, with attention to those who are most vulnerable

### Needs That Will Be Addressed

Following the completion of the current CHNA, Ascension St. Vincent's Clay County has selected the prioritized needs outlined below for its 2024 IS. Ascension has defined "prioritized needs" as the significant needs that the hospital has prioritized to address through the three-year CHNA cycle.

Prioritized Need	Rationale
<b>Access to Care</b> 	<p>This need was selected because the ability to obtain timely, affordable, and quality healthcare is essential to improving physical, mental, and social well-being. When individuals face barriers to care, such as cost or limited availability of services, they are more likely to delay diagnosis, miss preventive services, and experience worsening of chronic conditions, which can lead to poorer health outcomes and increased healthcare costs.</p>
<b>Food Environment</b> 	<p>This need was selected because access to nutritious, affordable food is a key driver of health outcomes and health equity. In Northeast Florida, many communities experience high rates of food insecurity and limited access to healthy food options, particularly in underserved and rural areas. Poor food environments contribute to chronic conditions such as diabetes, hypertension, and obesity—conditions that disproportionately affect low-income populations.</p>

Ascension St. Vincent's Clay County understands the importance of all the community's health needs. It is committed to playing an active role in improving the health of the people in the communities it serves. For this IS, Ascension St. Vincent's Clay County has focused its efforts on the above priorities.

## Needs That Will Not Be Addressed

Based on the prioritization process and criteria, the significant (health) needs identified through the CHNA that Ascension St. Vincent's Clay County does not plan to address at this time include:

- **Mental Health** - This need was not selected because a number of specialized organizations in the community are already leading efforts to expand access to mental health services.
- **Housing** - This need was not selected because addressing housing cost burden and homelessness falls within the core expertise of several dedicated community organizations that are actively engaged in this work.

While these needs are not the focus of this IS, Ascension St. Vincent's Clay County may consider investing resources in these areas as appropriate, depending on opportunities to leverage organizational assets in partnership with local communities and organizations. Also, this report only encompasses a partial inventory of everything Ascension St. Vincent's Clay County does to support health within the community.

## **Approval and Adoption of the IS by Ascension Florida Board of Directors**

To ensure the Ascension St. Vincent's Clay County's efforts meet the needs of the community and have a lasting and meaningful impact, the 2024 IS was presented and adopted by the Ascension Florida Board of Directors on August 19, 2025. Although an authorized body of the hospital must adopt the IS to be compliant with the provisions of the Affordable Care Act, adoption of the IS also demonstrates that the board is aware of the IS, endorses the priorities identified, and supports the action plans that have been developed to address prioritized needs.

## Action Plans

The IS below is based on prioritized needs from the hospital's most recent CHNA. These action plans represent where the hospital will focus its community efforts over the next three years.

<b>PRIORITIZED NEED #1: ACCESS TO CARE</b>	
<b>HOSPITAL NAME:</b> Ascension St. Vincent's Clay County	
<b>STRATEGY #1.1:</b> Engage in community-based councils, associations, and other collaborative forums	
<b>OBJECTIVE:</b> By June 30, 2028, Ascension St. Vincent's Clay County will strengthen its role in collective efforts to improve access to care and drive measurable improvements in overall community health outcomes.	
<b>COLLABORATORS:</b> <ul style="list-style-type: none"> <li>Other Ascension hospital(s): Ascension St. Vincent's hospitals (Northeast Florida-based)</li> <li>Collaborators: Community-based organizations (to be determined)</li> </ul>	
<b>RESOURCES:</b> <ul style="list-style-type: none"> <li>Ascension St. Vincent's Clay County - Allocated staff time; Funds to support participation, if applicable</li> <li>Other Ascension hospital(s): Ascension St. Vincent's hospitals (Northeast Florida-based) - Allocated staff time</li> <li>Collaborators: Community-based organizations (to be determined) - Time</li> </ul>	
<b>TACTICS</b>	<b>OWNER</b>
Expand current, or initiate new, community partnerships with community-based organizations, particularly those focused on addressing (medical) transportation and health insurance	Community Benefit, Hospital leadership, Mission
Strengthen relationships with Federally Qualified Health Centers (FQHCs) and other clinics providing care to under and or uninsured community members	Community Benefit, Foundation, Hospital leadership, Mission, Service Lines, Strategy
Collaboratively co-lead transportation access initiatives developed through the Jacksonville Nonprofit Hospital Partnership	Community Benefit, Hospital leadership
Participate in county-based Community Health Improvement Plan (CHIP) efforts	Community Benefit, Hospital leadership
<b>ANTICIPATED IMPACT</b>	
The anticipated impact of these tactics is stronger, trust-based relationships with community organizations that improve access to care. These partnerships will help address social and structural barriers to health, elevate community voice, and promote shared accountability for the health of the community. Over time, this approach will support more coordinated systems, aligned resources, and improved health outcomes.	

<b>PRIORITIZED NEED #1: ACCESS TO CARE</b>	
<b>HOSPITAL NAME:</b> Ascension St. Vincent's Clay County	
<b>STRATEGY #1.2:</b> Expand hospital programs, services, and infrastructure	
<b>OBJECTIVE:</b> By June 30, 2028, Ascension St. Vincent's Clay County will expand access to timely, affordable, and appropriate care by strengthening service delivery, expanding capacity, and removing barriers to care.	
<b>COLLABORATORS:</b> <ul style="list-style-type: none"> <li>Other Ascension hospital(s): Ascension St. Vincent's hospitals (Northeast Florida-based)</li> <li>Collaborators: Community-based organizations (to be determined)</li> </ul>
