

Ascension Saint Thomas DeKalb Hospital

**Implementation Strategy for the 2024 CHNA
DeKalb County, Tennessee**

Ascension

The purpose of this Implementation Strategy (IS) is to describe how the hospital plans to address prioritized health needs from its current Community Health Needs Assessment (CHNA). The significant health needs the hospital does not intend to address are identified, and a rationale is provided. Special attention has been given to the needs of individuals and communities at increased risk for poor health outcomes or experiencing social factors that place them at risk.

Introduction

As one of the leading non-profit and Catholic health systems in the United States, Ascension is committed to delivering compassionate, personalized care to all, with special attention to impoverished and vulnerable persons.

About Ascension

Ascension is one of the nation's leading non-profit and Catholic health systems, with a Mission of delivering compassionate, personalized care to all with special attention to those most vulnerable. In FY2024, Ascension provided \$2.1 billion in care of persons living in poverty and other community benefit programs. Across 16 states and the District of Columbia, Ascension's network encompasses approximately 106,000 associates, 26,000 aligned providers, 105 wholly owned or consolidated hospitals, and 34 senior living facilities. Additionally, through strategic partnerships, Ascension holds an ownership interest in 26 other hospitals.

Ascension's Mission provides a strong framework and guidance for the work done to meet the needs of communities across the US. It is foundational to transform healthcare and express priorities when providing care and services, particularly to those most in need.

Mission: Rooted in the loving ministry of Jesus as healer, we commit ourselves to serving all persons with special attention to those who are poor and vulnerable. Our Catholic health ministry is dedicated to spiritually-centered, holistic care which sustains and improves the health of individuals and communities. We are advocates for a compassionate and just society through our actions and our words.

Overview of the Implementation Strategy

Needs Prioritization

Protection and Affordable Care Act of 2010, more commonly known as the Affordable Care Act (ACA), requires all not-for-profit hospitals to conduct a Community Health Needs Assessment (CHNA) and adopt an implementation strategy every three years. Included in Code Section 501(r)(3) is the requirement that hospitals must provide a description of the process and criteria used to determine the most significant health needs of the community identified through the CHNA, along with a description of the process and criteria used to determine the prioritized needs to be addressed by the hospital. Accordingly, Ascension Saint Thomas DeKalb Hospital used a phased prioritization approach to identify the needs of DeKalb County. The first step was to determine the broader set of community identified needs. The CHNA assessment narrowed community identified needs to a group of needs determined most crucial for community stakeholders to address.

Ascension Saint Thomas DeKalb Hospital identified additional criteria to prioritize the needs including:

- Magnitude: How many individuals does the problem affect?
- Seriousness of consequences: What would happen if the issue were not made a priority? What level of burden on the community (economic, social or other)?
- Feasibility: Is the problem preventable, and what is the community's capacity to address?
- Equity: Is one group of people being affected more than other groups? Are health outcomes different for different groups?

After completing the CHNA, community significant needs were further narrowed down to community prioritized needs that the hospital will address within the Implementation Strategy (IS). To arrive at the community prioritized needs, Ascension Saint Thomas DeKalb Hospital collaborated with the DeKalb

County Health Department and the DeKalb County Health Council to facilitate a discussion during a DeKalb Health Council meeting on October 29, 2024 to prioritize the top needs in the community.

The needs listed below were voted as top community prioritized needs by Community Key Stakeholders in DeKalb County.

- Access to Care
- Mental Health
- Substance Misuse

Needs That Will Be Addressed

During the Implementation Strategy (IS) brainstorming phase, Ascension Saint Thomas Hospitals, Community Benefit and leaders agreed to a collective impact model toward addressing needs that appeared in multiple counties. This model is an effort to allocate resources in ways that can more meaningfully impact priority areas. Ascension Saint Thomas DeKalb Hospital has selected the prioritized needs outlined below for its 2024 Implementation Strategy (IS). Ascension has defined "prioritized needs" as the significant needs which have been prioritized by the hospital to address through the three-year CHNA cycle:

- **Access to Care** - This need was selected because Access to Care is in alignment with the organizational strengths and priorities, and was identified as a top priority by most Ascension Saint Thomas Hospitals and voted as a top priority need by the DeKalb County Health Council.
- **Mental Health** - This need was selected because Mental Health is in alignment with the organizational strengths and priorities, and was identified as a top priority by most Ascension Saint Thomas Hospitals and voted as a top priority need by the DeKalb County Health Council.
- **Substance Misuse** - This need was selected because Substance Misuse is in alignment with the organizational strengths and priorities, and was identified as a top priority by most Ascension Saint Thomas Hospitals and voted as a top priority need by the DeKalb County Health Council.

Needs That Will Not Be Addressed

Ascension Saint Thomas DeKalb Hospital will be addressing all community prioritized health needs listed above.

Approval and Adoption of the IS by Ascension Saint Thomas East Regional Board of Directors

To ensure the Ascension Saint Thomas DeKalb Hospital's efforts meet the needs of the community and have a lasting and meaningful impact, the 2024 Implementation Strategy was presented and adopted by Ascension Saint Thomas East Regional Hospitals Board of Directors on September 22, 2025 (2024 tax year) and by the Ascension Saint Thomas Board of Directors on October 24, 2025 (2024 tax year). Although an authorized body of the hospital must adopt the IS to be compliant with the provisions of the Affordable Care Act, adoption of the IS also demonstrates that the board is aware of the IS, endorses the priorities identified, and supports the action plans that have been developed to address prioritized needs.
