

Ascension Via Christi Health

AMOUNT GENERALLY BILLED CALCULATION

July 1, 2023

Ascension Via Christi Health calculates one AGB percentage using the “look-back” method and including Medicare fee for-service and all private health insurers that pay claims to the Organization, all in accordance with IRS Reg. Sec. 1.501(r)-5(b)(3), 1.501(r)-5(b)(3)(ii)(B) and 1.501(r)-5(b)(3)(iii). The details of that calculation and AGB percentage is described below.

The AGB percentages for Ascension Via Christi Health are as follows:

Facility	Blended
Ascension Via Christi Hospital Manhattan	33.4%
Ascension Via Christi Hospitals Wichita	24.8%
Ascension Via Christi Hospital Pittsburg	34.9%
Ascension Via Christi Hospital St. Teresa	22.4%
Ascension Via Christi Rehabilitation Center	40.4%
Wamego Health Center	60.1%

Physician Providers DBA Ascension Via Christi Clinic 51.1%

This AGB percentage is calculated by dividing the sum of the amounts of all of the hospital facility’s claims for emergency and other medically necessary care that have been allowed by Medicare fee-for-service and all private health insurers that pay claims to the hospital facility by the sum of the associated gross charges for those claims. The only claims that are utilized for purposes of determining the AGB are those that were allowed by a health insurer during the 12 month period prior to the AGB calculation (rather than those claims that relate to care provided during the prior 12 months).

Notwithstanding the foregoing AGB calculation, Ascension Via Christi has chosen to apply a lower AGB percentage (for all their hospitals and medical group) as follows:

AGB: 22%
