Who Is Eligible?

You may be able to get financial assistance if you live in New York State and Bradford, Wayne or Susquehanna counties in Pennsylvania. Financial assistance is generally determined by your total household income as compared to the Federal Poverty Level. If your income is less than or equal to 250 % of the Federal Poverty Level, you may receive a 100% charity care write-off on the portion of the charges for which you are responsible. If your income is above 250% of the Federal Poverty Level but does not exceed 400% of the Federal Poverty Level, you may receive discounted rates on a sliding scale. If you have medical debt for emergency and medically necessary care that exceeds your income, you may be eligible for a discount. If you have assets in excess of 250% of your Federal Poverty Level income amount you may not qualify for financial assistance. (You may have to pay a small flat charge for services.) Patients who are eligible for financial assistance will not be charged more for eligible care than the amounts generally billed to patients with insurance coverage.
