EXAMPLES OF DISCLOSURES FOR TREATMENT, PAYMENT AND HEALTH CARE OPERATIONS AND AS OTHERWISE ALLOWED BY LAW

The following categories describe different ways that we use and disclose medical information.

For each category of uses or disclosures we will explain what we mean and try to give some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information should fall within one of the categories.

FOR TREATMENT:

For example: We may disclose medical information about you to doctors, nurses, technicians, medical students, or other personnel who are involved in taking care of you within the facility. We may share medical information about you in order to coordinate different treatments, such as prescriptions, lab work and x-rays. We may also provide your other health-care providers with copies of various reports to assist in treating you after you are discharged from the facility. In some cases the sharing of your PHI with other health care providers, health plans and hospitals may be done electronically through an electronic health information exchange ('HIE') operated by STVHS or a business associate. By using an HIE, we may be able to make your PHI available to those who care for you in a more timely and effective manner, and thus help to improve the coordination of your care. Contact the Corporate Privacy Officer at 1-866-742-4922 with any questions or concerns.

FOR PAYMENT:

For example: A bill may be sent to you or a third-party payer such as an insurance company or an HMO. The information on or accompanying the bill may include information that identifies you, as well as your diagnosis, the medical procedures performed on you, and supplies used in taking care of you.

FOR HEALTH CARE OPERATIONS:

For example: We may use the information in your health record to assess the care and outcome in your case and others like it. This information will then be used in an effort to continually improve the quality and effectiveness of the health care and services we provide.

ORGANIZED HEALTH CARE ARRANGEMENTS: Each of the hospitals in the STVHS has a medical staff, which includes physicians and other professionals who are not employees of the hospital. In addition, St. Vincent's Physician Alliance is an arrangement between STVHS and a number of physicians from each medical staff (including physicians employed by STVHS Medical Group). These parties are participants in an organized health care arrangement, which permits protected health information to be shared for purposes of treatment, payment and/or health care operations (described above) relating to such organized health care arrangement. STVHS may participate in organized health care arrangements in addition to those listed immediately above and may share protected health information with the other participants in such organized health care arrangements.

WE WILL USE YOUR HEALTH INFORMATION TO COMMUNICATE WITH FAMILY AND FRIENDS INVOLVED IN YOUR CARE.

We may release health information about you to a friend or family member who is involved in your medical care. We may also give information to a family member or friend who helps pay for your care.
