

Cancer Centers of Excellence 2012 Annual Report

Southeast Michigan's Leading Provider of Health Care

St. John Providence Health System is Southeast Michigan's most comprehensive healthcare provider with five hospitals and more than 125 medical facilities. As the leading faith-based health care system in Michigan, St. John Providence is part of Ascension Health, the largest not-for-profit health care system in the United States. St. John Providence has over 18,000 associates with experts in over 50 specialties.

Dedicated to offering comprehensive cancer care, the St. John Providence Cancer Center of Excellence provides, compassionate patient focused cancer prevention, screening, detection, treatment and support. At St. John Providence Health System all of our Cancer Programs are accredited thru the American College of Surgeons Commission on Cancer (CoC). The CoC is dedicated to improving survival and quality of life for cancer patients through standard-setting, prevention, research, education, and the monitoring of comprehensive quality care.

The St. John Providence Health System's (SJPHS) Community Health Assessment identified lung, breast, colorectal and prostate cancer as the disease sites most frequently diagnosed in SJPHS geographical area. The areas assessed were Metropolitan Detroit, Wayne, Macomb, Oakland, St. Clair, and Livingston Counties. The SEER data for SJPHS also demonstrated an increase in Head and Neck cancers diagnosed over the past two years. The community outreach plan was to increase cancer awareness and help the community identify risk factors.

According to the National Cancer Institute Prevention and screening represent the twin pillars of our pre-emptive defenses against cancer. Cancer prevention includes efforts to detect and treat precancerous conditions or cancers at their earliest, most treatable stages, and the prevention of new, or second primary cancers in survivors.

St. John Providence Cancer Center of Excellence “Because We Care Fund”

Breast Cancer Screenings targeting un-insured and under-insured women.
“Because We Care,” is managed by the SJPH Breast Care Program and
addresses the need for women identified with a high risk for breast cancer to be
screened at a younger age.

**Tracey Tillman Jackson – A Patient Perspective on “Because We
Care”**

Low Dose CT Lung Screening

In response to the National Lung Screening Trial (NLST), we developed a lung cancer screening program with the objective to increase diagnosis at an earlier

stage providing a better opportunity for curative treatment.

Low Dose CT Lung Screening Year 2012	St. John Hospital & Medical Center	Macomb Hospital	Providence Hospital
Low Dose-CT Lung Screening	6	11	8
Required Follow up	1	0	2

Breast Screening and *Because We Care (BWC)*

Screening mammograms for under and Uninsured Women at risk for Breast Cancer

Breast Screening	St. John Hospital & Medical Center	Macomb Hospital	Providence Hospital
Screening Mammograms	13,574	6,585	25,029
Biopsies performed	328	271	433
<i>BWC</i> – Screening Mammograms	69	System wide Initiative results the same for all hospitals	System wide Initiative results the same for all hospitals
<i>BWC</i> - Biopsies performed	8	System wide Initiative results the same for all hospitals	System wide Initiative results the same for all hospitals

Oral Cancer Screening

Oral head and Neck physical exams were performed and patients were provided with a take away bag of educational materials provided by the American Cancer Society that included facts about oral cancers and the risk factor associated with the disease

Oral Cancer Screening	St. John Hospital & Medical Center	Macomb Hospital	Providence Hospital
Oral Cancer Screening	22	27	49
Required Follow up	1	7	13

Smoking Cessation

In partnership with the Michigan Cancer Consortium SJPHS provided free access to the services of the Michigan Tobacco Quitline

Smoking Cessation	St. John Hospital & Medical Center	Macomb Hospital	Providence Hospital
Smoking Cessation Referrals made	4	System wide Initiative results the same for all hospitals	System wide Initiative results the same for all hospitals

Colorectal Cancer Awareness

Home screening kits with directions were mailed directly to participant's homes after a screening phone call

Colorectal Cancer Screening	St. John Hospital & Medical Center	Macomb Hospital	Providence Hospital
Home screening kits mailed	400	System wide Initiative results the same for all	System wide Initiative results the same for all hospitals

		hospitals	
Screening kits returned	46 all with negative results	System wide Initiative results the same for all hospitals	System wide Initiative results the same for all hospitals
