BILLING AND COLLECTION POLICY

6/17/2018

POLICY/PRINCIPLES

It is the policy of Providence Health Services of Waco (the “Organization”) to ensure a socially just practice for providing emergency or medically necessary care at the Organization pursuant to its Financial Assistance Policy (or FAP). This Billing and Collection Policy is specifically designed to address the billing and collection practices for Patients who are in need of financial assistance and receive care at the Organization.

All billing and collection practices will reflect our commitment to and reverence for individual human dignity and the common good, our special concern for and solidarity with persons living in poverty and other vulnerable persons, and our commitment to distributive justice and stewardship. The Organization’s employees and agents shall behave in a manner that reflects the policies and values of a Catholic-sponsored facility, including treating Patients and their families with dignity, respect and compassion.

This Billing and Collection Policy applies to all emergency and other medically necessary services provided in the Organization, including employed physician services and behavioral health. This Billing and Collection Policy does not apply to payment arrangements for elective procedures.

No aspect of this policy or any related policy will be interpreted in any manner that would conflict with the federal Emergency Medical Treatment and Labor Act (EMTALA)

EMTALA requires hospitals to provide an examination and needed stabilizing treatment, without consideration of insurance coverage or ability to pay, when a patient presents to an emergency room for attention to an emergency medical condition.

BILLING AND COLLECTION PRACTICES

The Organization maintains an orderly process for regularly issuing billing statements to Patients for services rendered and for communicating with Patients. In the event of nonpayment by a Patient for services provided by the Organization, the Organization may engage in actions to obtain payment, including, but not limited to, attempts to communicate by telephone, email, and in-person, and one (1) or more ECAs, subject to the provisions and restrictions contained in this Billing and Collection Policy.

Pursuant to 501(r), this Billing and Collection Policy identifies the reasonable efforts the Organization must undertake to determine whether a Patient is eligible under its FAP for Financial Assistance before it engages in an extraordinary collection action, or ECA. Once a determination is made, the Organization may proceed with one or more ECAs, as described herein.

1. **FAP Application Processing**. Except as provided below, a Patient may submit a

FAP Application at any time during the Application Period. The Organization will not be obligated to accept a FAP Application after the Application Period unless otherwise specifically required by 501(r). Determinations of eligibility for Financial Assistance will be processed based on the following general categories.

- a. Complete FAP Applications. In the case of a Patient who submits a complete FAP Application during the Application Period, the Organization shall, in a timely manner, suspend any ECAs to obtain payment for the care, make an eligibility determination, and provide written notification, as provided below.
- b. Presumptive Eligibility Determinations. If a Patient is presumptively determined to be eligible for less than the most generous assistance available under the FAP (for example, the determination of eligibility is based on an application submitted with respect to prior care), the Organization will notify the Patient of the basis for the determination and give the Patient a reasonable period of time to apply for more generous assistance before initiating an ECA.
- c. Notice and Process Where No Application Submitted. Unless a complete FAP Application is submitted or eligibility is determined under the presumptive eligibility criteria of the FAP, the Organization will refrain from initiating ECAs for at least 120 days from the date the first post-discharge billing statement for the care is sent to the Patient. In the case of multiple episodes of care, these notification provisions may be aggregated, in which case the timeframes would be based on the most recent episode of care included in the aggregation. Before initiating one (1) or more ECA(s) to obtain payment for care from a Patient who has not submitted a FAP Application, the Organization shall take the following actions:
 - i. Provide the Patient with a written notice that indicates Financial Assistance is available for eligible Patients, identifies the ECA(s) that are intended to be taken to obtain payment for the care, and states a deadline after which such ECA(s) may be initiated that is no earlier than 30 days after the date the written notice is provided;
 - ii. Provide the Patient with the plain language summary of the FAP; and
 - iii. Make a reasonable effort to orally notify the Patient about the FAP and the FAP Application process.
- d. Incomplete FAP Applications. In the case of a Patient who submits an incomplete FAP Application during the Application Period, the Organization shall notify the Patient in writing about how to complete the FAP Application and give the Patient thirty (30) calendar days to do so. Any pending ECAs shall be suspended during this time, and the written notice shall (i) describe the additional information and/or documentation required under the FAP or the FAP Application that is needed to complete the application, and (ii) include appropriate contact information.
- e. Termination of the FAP Application Period. The Application Period may be terminated by the Organization by delivering a written Application Period Termination Notice to

the Patient.

2. Restrictions on Deferring or Denying Care. In a situation where the Organization intends to defer or deny, or require a payment before providing, medically necessary care, as defined in the FAP, because of a Patient's nonpayment of one or more bills for previously provided care covered under the FAP, the Patient will be provided a FAP Application and a written notice indicating that Financial Assistance is available for eligible Patients. Patient may also be given an Application Period Termination Notice.

3. Determination Notification.

- a. Determinations. Once a completed FAP Application is received on a Patient's account, the Organization will evaluate the FAP Application to determine eligibility and notify the Patient in writing of the final determination within forty-five (45) calendar days. The notification will include a determination of the amount for which the Patient will be financially responsible to pay. If the application for the FAP is denied, a notice will be sent explaining the reason for the denial and instructions for appeal or reconsideration.
- b. Refunds. The Organization will provide a refund for the amount a Patient has paid for care that exceeds the amount the Patient is determined to be personally responsible for paying under the FAP.
- c. Reversal of ECA(s). To the extent a Patient is determined to be eligible for Financial Assistance under the FAP, the Organization will take all reasonably available measures to reverse any ECA taken against the Patient to obtain payment for the care. Such reasonably available measures generally include, but are not limited to, measures to vacate any judgment against the Patient, lift any levy or lien on the Patient's property, and remove from the Patient's credit report any adverse information that was reported to a consumer reporting agency or credit bureau.

4. Appeals. The Patient may appeal a denial of eligibility for Financial Assistance by providing additional information to the Organization within fourteen (14) calendar days of receipt of notification of denial. All appeals will be reviewed by the Organization for a final determination. If the final determination affirms the previous denial of Financial Assistance, written notification will be sent to Patient. An appeal does not otherwise extend or reset the application process provided in this Billing and Collection Policy.

5. Collections. Upon conclusion of the above procedures, the Organization may proceed with ECAs against uninsured and underinsured Patients with delinquent accounts, as determined in the Organization's procedures for establishing, processing, and monitoring Patient bills and payment plans. Subject to the restrictions identified herein, the Organization may utilize a reputable external bad debt collection agency or other service provider for processing bad debt accounts, and such agencies or service providers shall comply with the provisions of 501(r) applicable to third parties.
