

Exhibit C

ASCENSION SOUTHEAST MICHIGAN

AMOUNT GENERALLY BILLED CALCULATION

July 1, 2022

Ascension Southeast Michigan calculates one AGB percentage using the “look-back” method and including Medicare fee-for-service and all private health insurers that pay claims to the Organization, all in accordance with IRS Reg. Sec. 1.501(r)-5(b)(3), 1.501(r)-5(b)(3)(ii)(B) and 1.501(r)-5(b)(3)(iii). The details of that calculation and AGB percentage is described below.

The AGB percentages for the Ascension Southeast Michigan hospitals are as follows:

Facility Name	AGB
Ascension Medical Group	59.90%
Brighton	96.90%
Providence Park Hospital	34.10%
St John Hospital and Medical Center	34.80%
St John Macomb	31.90%
St John Macomb - Oakland Campus	32.60%
St John Providence Hospital	32.60%
St John River District Hospital	44.50%

These AGB percentages are calculated by dividing the sum of the amounts of all of the hospital facility’s claims for emergency and other medically necessary care that have been allowed by Medicare fee-for-service and all private health insurers that pay claims to the hospital facility by the sum of the associated gross charges for those claims. The only claims that are utilized for purposes of determining the AGB are those that were allowed by a health insurer during the 12-month period prior to the AGB calculation (rather than those claims that relate to care provided during the prior 12 months).

Notwithstanding the foregoing AGB calculations, Ascension Medical Group, Brighton, Providence Park Hospital, St. John Hospital and Medical Center, St. John Macomb, St. John Macomb – Oakland Campus, St. John Providence Hospital, and St. John River District Hospital have chosen to apply the lowest applicable AGB percentage of 31.9%.
